

Grading Document

IITM's BS in Data Science and Applications program

May 2026 TERM GRADING DOCUMENT

The following is the schedule of the 2 quizzes and final exam which students have to attend in person at centres across the country and outside India.

Quiz 1	Quiz 2	End term exam
Sunday, July 19, 2026	Sunday, August 16, 2026	Sunday, September 13, 2026
2pm-6pm*	2pm-6pm*	9am-12pm, 2pm-5pm
In person In centres	In person In centres	In person In centres

* (If required and, we will do a morning session for the quiz)

The following is the schedule of programming exams which will be conducted in remote proctored online mode.

OPPE1 Day1	OPPE1 Day2	OPPE2 Day 1	OPPE2 Day 2	OPPE2 Day 3	OPPE2 Day 4
Saturday, August 1, 2026	Sunday, August 2, 2026	Saturday, August 29, 2026	Sunday, August 30, 2026	Saturday, September 5, 2026	Sunday, September 6, 2026
C Prog - Only for clashing students	FL - Python DIPLOMA - MLP, DIPLOMA: Java, TDS (ROE) Deg- MLOPS DEGREE - C prog	DIPLOMA - SC, DBMS, Degree (DS) - C Programming	DIPLOMA - DBMS PDSA Java MLP FL- C Programming(ES)	DIPLOMA - SC, FL- Python	FL - Python DIPLOMA - Exceptions alone (DBMS, Java, PDSA) DEGREE - MLOPS

* The actual timings of the various sessions will be informed and allocated to you closer to the date of the exam.

All courses that have oppe: Eligibility to appear for the OPPE 1

Student has to complete the OPPE System Compatibility Test (SCT) exam

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#)

OPPE1 will **not be scheduled** for students who fail to complete the OPPE SCT exam.

Eligibility to appear for the OPPE 2:

Most courses have eligibility criteria to attend the final exam.

In case you do not become eligible to write the final exam, OPPE2 will also not be scheduled for you as you will be awarded WA/WQ grade and anyway have to repeat the entire course the next time including all assessment components.

In addition, Python, PDSA and Java have criteria based on GrPA scores of weeks 1-8 to be eligible to appear for the OPPEs. Please check the grading formula for these courses for more details.

Repeat OPPE Criteria

(w.e.f from Jan 2026 term) [updated on Jan 05, 2026]

Students who were OPPE eligible and received an I_OP in the Jan 2026 term, and have registered as Repeat OPPE for the May 2026

****TDS has a Remote Online Exam (ROE), which is a non-proctored, open internet exam. No SCT is required for TDS.***

We might have **additional dates for OPPEs** depending on the number of students who register for courses with OPPEs. These dates could be any date and timing of OPPE week.

Once we know the actual registration numbers for every course, we will finalise the dates and timings.

OPPE SCHEDULE (May 2026 TERM)										
Exam	Timing	Python	DBMS	PDSA	Java	SC/ Linux	MLP	TDS*	C	MLOPS
Saturday, August 1, 2026										
	04:30 PM to 06:30 PM								1A (Only for clashing students)	
Sunday, August 2, 2026										
OPPE1 (Day 2)	09:30 AM to 11:30 AM	1A			1A					
	01:00 PM to 03:00 PM	1B								
	01:00 PM to 01:45 PM							YTD		
	04:30 PM to 06:30 PM	1C					1A		1A	
	04:30 PM to 07:30 PM									1A
Saturday, August 29, 2026										
Exam	Timing	Python	DBMS	PDSA	Java	SC/ Linux	MLP	TDS*	C	MLOPS
OPPE 2 (Day 1)	2.30 PM to 4.30 PM		2A							
	06:00 PM to 08:00 PM					2A			2A (DS)	
Sunday, August 30, 2026										
OPPE 2 (Day 2)	09:30 AM to 11:30 AM		2B	2A						
	01:00 PM to 03:00 PM			2B	2A					

	06:30 PM						2A		2B (ES)	
Saturday, September 5, 2026										
Exam	Timing	Python	DBMS	PDSA	Java	SC/ Linux	MLP	TDS*	C	MLOPS
OPPE 2 (Day 3)	06:00 PM to 08:00 PM					2B				
	2.30 PM to 4.30 PM	2A								
Sunday, September 6, 2026										
OPPE 2 (Day 4)	09:30 AM to 11:30 AM	2B	2C							
	01:00 PM to 03:00 PM	2C		2C	2B					
	2.00 PM to 5.00 PM									2A
	04:30 PM to 06:30 PM	2D								

*SUBJECT TO CHANGE

ASSIGNMENT DEADLINES:

TermStartT2	TermStart	ContentRelease	Foundation Deadlines	Degree/Diploma Deadlines
Week 1 T2	Week 1	Friday, June 12, 2026	Wednesday, June 24, 2026	Sunday, June 21, 2026

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

Week 9T2	Week 9	Friday, August 7, 2026	Wednesday, August 19, 2026	Wednesday, August 19, 2026
Week 10T2	Week 10	Friday, August 14, 2026	Wednesday, August 26, 2026	Sunday, August 23, 2026
Week 11T2	Week 11	Friday, August 21, 2026	Wednesday, September 2, 2026	Sunday, August 30, 2026
Week 12T2	Week 12	Friday, August 21, 2026	Wednesday, September 2, 2026	Sunday, August 30, 2026

NONE OF THE ASSIGNMENT DEADLINES WILL BE CHANGED THIS TIME FROM THE SCHEDULE GIVEN ABOVE. THE DATES HAVE BEEN SUFFICIENTLY ADJUSTED FOR ACCOMMODATING THE QUIZZES AND OPPES.

Week 7 - eligibility for final exams for most courses depends on the average assignment scores of best 5 out of the first 7 weeks. The dates are highlighted in green here.

Week 10 - GAA score for final grade will be taken and calculated for applicable courses

MAJOR CHANGE THIS TIME:

Weightage for GAA in Foundation Level courses is being made 0. Questions for a total of 10 marks in the 2 quizzes and End term exam will come from the assignments.

Weightage for GAA in Diploma Level courses will be 5 marks. Questions for a total of 5 marks in the 2 quizzes and End term exam will come from the assignments.

Weightage for GAA in Degree Level courses remains unchanged.

CHECK EVERY COURSE GRADING PATTERN TO SEE ACTUAL WEIGHTAGES.

Bonus Marks

Bonus Marks are for encouraging and incentivising the students to participate more in the activities of the course.

These marks will be added **ONLY** for the students who pass the course and will only impact the course grade, **and not the pass criteria**.

Criteria for bonus marks:

Marks will be applicable based on availability of mock activities in the course. It can vary from course to course and can range from 0-2.

- If the average of the marks obtained in all the mock tests conducted before Quiz 1 & Quiz 2 $\geq 40/100$, students will get 2 marks. The mock tests have to be done within the time specified.
- The course team may set up additional activities in the course which will be eligible for upto 3 bonus marks. If no additional activities are set up, this bonus won't be applicable.

Participation in the discourse forum: Badges

We will be looking at active engagement with Discourse in a term and provide badges for participation.

Badges will be given based on the number of hours a student spends on Discourse. A student is expected to spend a minimum of 1 hour per week per course in Discourse reading posts.

Student will get the following badges:

Read time of upto 4 hours per course in a term: Badge 1

Read time of upto 8 hours per course in a term: Badge 2

Read time of upto 12 hours per course or more: Badge 3

(Applicable only after you get the BS student roll number)

Information about course grades:

S,A,B,C,D,E - Pass grade; U/WA/WQ - Fail grade ; I - Incomplete

In I grade - there are 3 types:

- If you are absent for ET alone but all other assessment components are completed (quizzes, OPPEs, project, weekly assignments) - grade will be pushed as I.
Options: You can register to take up the ET exam alone in the subsequent term. OPPE and quizzes will **not** be scheduled for

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

grade = I_OP.

You can register to do the OPPE alone whereby if the course has one OPPE, that will be scheduled. If the course has 2 OPPEs, both will be scheduled for you. You can attempt the OPPE alone. All other mark components of Final course score will be taken from the previous run. ET and quizzes will not be scheduled for you.

- c. **If you have failed in the OPPE and absent for ET, then grade = I_BOTH**

You can register for ET and OPPEs alone. If the course has one OPPE, that will be scheduled. If the course has 2 OPPEs, both will be scheduled for you. You will attempt the ET and OPPEs. Quiz and GAA and other components will be taken from the previous run and not scheduled.

In all the above cases, you can also choose to Repeat the entire course and not just do the ET/OPPE alone if you want to reattempt all assessment components.

4 terms	Term1	Term2	Term3	Term4
	English 1	Stats 1	Math 2	Python
	Maths 1	CT	English 2	Stats 2
3 terms	Term1	Term2	Term3	Recommended when doing another program - and if you have some foundations in Maths/programming
	English 1	Stats 1	Stats 2	
	Maths 1	Maths 2	Python	
	CT	English 2		
2 Terms	Term1	Term2	Recommended <u>only</u> for learners doing this program Full time or learners who are strong in Maths/programing	
	English 1	English 2		
	Maths 1	Maths 2		
	CT	Python		
	Stats 1	Stats 2		

For those entering Foundation Level in MAY 2024 or after, kindly go through the new rules: 4/6/8 courses to be completed in 4/6/9 terms. Else you will be removed from the program.

Academic policies:

1. In each programming assignment, be it any course or any OPPE, taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.
2. Unless explicitly permitted, do not use LLMs. Using LLMs is considered a violation of honour code.
3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.

Foundation level courses

1. Mathematics for data science 1

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$. AND attendance in one of the 2 quizzes (Updated on 15.07.2026)
Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

$$\begin{aligned}
 Qz1 &= \text{score in Quiz I (0, if not attempted)} \\
 Qz2 &= \text{score in Quiz II (0, if not attempted)} \\
 F &= \text{score in final exam} \\
 T &= \max(0.6F + 0.3\max(Qz1, Qz2), 0.45F + 0.25Qz1 + 0.3Qz2)
 \end{aligned}$$

(W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the best 5 out of the first 7 weeks of weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

$T = \max(0.6F + 0.3\max(Qz1, Qz2), 0.45F + 0.25Qz1 + 0.3Qz2)$

(W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

3. Computational Thinking

Quiz 1: July 19 2026

Quiz 2: August 16 2026

End term:

September 13 2026

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)

Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

$T = \max(0.6F + 0.3\max(Qz1, Qz2), 0.45F + 0.25Qz1 + 0.3Qz2)$

(W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

4. Statistics for data science 1

Quiz 1: July 19 2026

Quiz 2: August 16 2026

End term:

September 13 2026

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)

Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

Extra activity - will be defined in the course on the portal

$T = \max(0.6F + 0.3\max(Qz1, Qz2), 0.45F + 0.25Qz1 + 0.3Qz2) +$

Bonus marks for Extra activity - capped to 5

(W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

Bonus marks for course specific activity: 5 marks in total - 3.75 marks for weekly extra activity + 1.25 marks based on the quality of activity (Instructors' and Faculty's discretion)

Note : "Extra Activity marks will be added to the T score only when you pass the course."

Extra Activity 3	Friday, 31 July 2026	Wednesday, 12 August 2026	Sunday, 16 August 2026
Extra Activity 4	Friday, 14 August 2026	Wednesday, 26 August 2026	Sunday, 30 August 2026

5. Mathematics for data science 2

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)
Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

B = Bonus marks for course specific activity (out of 6)

$T = \max(0.6F + 0.3\max(Qz1, Qz2), 0.45F + 0.25Qz1 + 0.3Qz2) + B$
— capped to 100.

Bonus marks for course specific activity: 6 marks in total: 3 assignments of 2 marks each. The assignments will be available on the portal on the following dates.

Extra Activity for Mathematics-II Assignment Deadline:

	Release Date for Extra activity	Assignment Submission Deadline
Extra Activity 1	3 July	7 July
Extra Activity 2	17 July	31 July
Extra Activity 3	7 August	21 August

(W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

6. English 2

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the best 5 out of the first 7 weeks of weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

$T = \max(0.6F + 0.3\max(Qz1, Qz2), 0.45F + 0.25Qz1 + 0.3Qz2)$
(W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.

2. Unless explicitly permitted, do not use LLMs. Using LLMs is considered a violation of honour code.

3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.

Quiz 1: July 19 2026 Quiz 2: No Quiz End term: September 13 2026

OPPE1: 2nd August (standalone+others)

OPPE2: 5th Sep (Standalone) 6th September

Possible additional dates:- (Timing 2.30 pm to 4.30 pm) **5th September (Saturday)**

Depending on your eligibility for OPPE1 & OPPE2, you will be allocated one of the slots mentioned above by the team. Please keep yourself free on the dates given.

Eligibility for Bonus:

Only if you do the SCT, will the bonus be applicable to you and be added to your final course score. Even if you attend the mock tests, only if you do the sct, you will get the bonus.

Eligibility to appear for OPPE1 AND OPPE2:

IT IS MANDATORY to complete the OPPE System Compatibility Test (SCT) exam

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#)

OPPE1/OPPE2 will not be scheduled for students who fail to complete the OPPE SCT exam.

Repeat OPPE Criteria

(w.e.f from Jan 2026 term) [updated on Jan 05, 2026]

Students who were OPPE eligible and received an I_OP in the Jan 2026 term, and have registered as Repeat OPPE for the May 2026 term, will continue to be considered eligible for OPPE in May 2026. However, students who were marked OPPE Ineligible with I_OP or I_Both and have registered for the respective course as Repeat OPPE or Repeat OPPE & End Term must regain OPPE eligibility in the May 2026 term by submitting the required assignments and OPPE SCT. If OPPE eligibility is not attained, the OPPE will not be scheduled and a U grade will be awarded for the May 2026 term.

Syllabus for OPPE 1 - Week1 to Week 5

Syllabus for OPPE 2 - Week1 to Week 8

A1: Average of GrPA scores in week 1

A2: Average of GrPA scores in week 2

A3: Average of GrPA scores in week 3

A4: Average of GrPA scores in week 4

A5: Average of GrPA scores in week 5

A6: Average of GrPA scores in week 6

A7: Average of GrPA scores in week 7

A8: Average of GrPA scores in week 8

Eligibility for writing oppe1:

Completing SCT

AND

$A1 \geq 40/100$ AND $A2 \geq 40/100$ AND $A3 \geq 40/100$ AND $A4 \geq 40/100$

Eligibility to appear for the OPPE 2:

Completing SCT

AND

$A5 \geq 40/100$ AND $A6 \geq 40/100$ AND $A7 \geq 40/100$ AND $A8 \geq 40/100$

AND

Average of the best 5 out of the first 7 weekly assessments (objective and programming) scores $\geq 40/100$ (becoming eligible to give the end term exam)

If you do not satisfy this, we will not schedule OPPE2 for you.

Eligibility to appear for the end term exam is as follows:

Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND

Being eligible to appear for atleast one of the 2 oppes. If you are ineligible for both, you have to repeat the entire course. (Updated on 15.07.2026)

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Bonus marks for course specific activity: 5 marks in total - 3.75 marks for weekly extra activity + 1.25 marks based on the quality of activity (Instructors' and Faculty's discretion)

Note : "Extra Activity marks will be added to T-score only when you pass the course."

Extra Activity for Statistics- II Assignment Deadline

Note: If a student does not complete the required number (at least 5) of peer review, he will be awarded 0 marks for that activity even if he/she submitted the activity.

Extra activity	Release date for extra activity	End date of submission	End date for peer review
Extra Activity 1	Friday 12 June 2026	Wednesday 24 June 2026	Sunday 28 June 2026
Extra Activity 2	Friday 26 June 2026	Wednesday 8 July 2026	Sunday 12 July 2026
Extra Activity 3	Friday 10 July 2026	Wednesday 22 July 2026	Sunday 26 July 2026
Extra Activity 4	Friday 24 July 2026	Wednesday 5 August 2026	Sunday 9 August 2026
Extra Activity 5	Friday 7 August 2026	Wednesday 19 August 2026	Sunday 23 August 2026

Diploma Level courses

Suggested pathway to register and study Diploma level courses:

- Most aggressive pathway - completing in 4 terms** - ONLY IF YOU ARE DOING THIS AS FULL TIME AND NOTHING ELSE AND CAN SPEND **70 HRS PER WEEK** MINIMUM
- Comfortable pathway - 6 terms - 2 years** : Suggested for students and working professionals doing this along with another degree or their job (40hrs/week)
- Those from non technical backgrounds, new to programming or have busy schedules**, recommended to take 6 or 7 terms for the 2 diplomas.
- Same sequence of courses are suggested if you are taking only the Diploma in programming or Diploma in DS separately too.

Maximum number of terms to complete both Diplomas: 12

7 Terms	Term1	Term2	Term3	Term4	Term5	Term6	Term7
A VERY COMFORTABLE PATH - RECOMMENDED FOR THOSE WHO STILL ARE SLOW ON CODING AND MATHS AND CAN TAKE TIME. FOUNDATION - 3 OR 4 TERMS, DIPLOMA - 7 TERMS, BSC+BS - 5 TERMS, SO TOTAL OF 16 TERMS OR 5 YEARS. VERY APT FOR WORKING	BDM Theory	DBMS	MAD 1 Theory	Mad 1 Project	Mad 2 Theory	Mad 2 Project	Java
	BDM Project	PDSA	MLF	MLT	MLP	BA	TDS
	SC					MLP Project	
	9c	8c	8c	6c	8c	8c	7c

App Dev 1 Project		APP Dev 1 Theory
App Dev 2 Theory		App Dev 1 - Project
DL - Gen AI Theory		MLP
DL - Gen AI Project		DL - Gen AI Theory
TDS		MLP

Even with a relaxed pathway, you should complete in a maximum of 7 or 8 terms.

The new rules for those entering Diploma Level from May 2024 onwards:

- **Complete minimum of 3 courses and 1 project in every 3 terms, which means the**
 - **The slowest you can go is 3 courses and 1 project in 3 terms (1 year), 6 courses and 2 projects in 6 terms (2 years), 9 courses and 3 projects in 9 terms (3 years) and 12 courses and 4 projects in 12 terms (4 years).**
- **At the end of 3 terms, if you do not complete 3 courses and 1 project you will be given warning.**
- **At the end of 6/9/12 terms if you do not complete 6/9/12 courses and 2/3/4 projects, you will be removed from the program.**

If you wish to do the Diploma in programming and Diploma in data science one after the other and not mix up the courses, here are the suggested pathways.

Diploma in Programming Separately				
	Term 1	Term 2	Term 3	Term 4
2 Terms	DBMS	App Dev 2 Th		
	App Dev 1 Th	App Dev 2 Proj		
	PDSA	SC		
	App Dev 1 proj	Java		
3 terms	DBMS	App Dev 1 Project	App Dev 2 Proj	
	App Dev 1 Theor	App Dev 2 Theory	Java	
		PDSA	SC	
4 terms	App Dev 1	App Dev 2	PDSA	Java
	DBMS	App Dev 1 project	App Dev 2 project	SC

DOING A SINGLE DIPLOMA (DS)

MODERATE PATHWAY - CAN BE TAKEN IF YOU ARE COMFORTABLE	BDM	BA	TDS	
	BDM Project	MLT	MLP	
	MLF		MLP project	

EXTREMELY COMFORTABLE AND RELAXED PATHWAY - RECOMMENDED IF PLANING FOR ONLY ONE DIPLOMA EXIT OR DAD STUDENTS	BDM	BDM Project	TDS	MLP Project
	MLF	MLP	MLP Project	TDS
	MLT	BDM	DL GenAI Th	DL GenAI Proj

IMPORTANT

1. **OPPEs for all Diploma courses will be scheduled in the following way:**
 - a. If you have 2 courses with OPPEs, both will be scheduled on 30th august
 - b. If you have 3 courses with OPPEs, OPPEs for 2 courses will be scheduled on 30th August and OPPE for 1 course will be scheduled on 6th Sep
 - c. If you have 4 courses with OPPEs, OPPEs for 2 courses will be scheduled on 30th August (DBMS-29th August Extra slot) and OPPE for the other 2 courses will be scheduled on 6th Sep

In the cases of b and c above, if you fail in subjects of 30th August and are rescheduled for 6th Sep, there will be no option to split the subjects any further or reschedule them. All will have to be written on the same day.

Only if you have a conflicting engagement on 30th Aug , which cannot be changed or moved and you submit a request to us with proof, we will check the proofs and if found valid, we will make changes to the above allocation. Since both 30th aug and 6th September are Sundays, please ensure you keep it free, especially as per the time slots given here for giving the exams.

July 3rd week (Tentative): We will release the slots for OPPE 1 & Dates for OPPE 2 allocated for each student for their registered subjects . If eligibility is specified as part of the grading document to attend the exam and if you are eligible, exam will be scheduled as per the slots allocated.

Please choose courses for the May 2026 term keeping all these points in mind.

Diploma level courses

1. Machine Learning foundations (DS Diploma)

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centers.

Eligibility to attend final exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)
Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment."

Eligibility to get the final course grade: Attending the end sem exam

The calculation of Final course score is proposed as follows:

GAA = Average of the best score in first 10 weekly graded assignments + Mock Quiz 1

(Eg : Average of best 10 of (W1,W2,W3,W4,W5,W6,W7,W8,W9,W10,Mock Assignment) (Updated on 15.07.2026)

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

2. Machine Learning Techniques (Diploma in DS)

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term:
September 13 2026
Above to be attended in person at designated centres.

Eligibility to attend the end term exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)
 Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to get the course grade: Attending the end sem exam

GAA = Average of the best score in first 10 weekly graded assignments + Mock Quiz 1
 (Eg : Average of best 10 of (W1,W2,W3,W4,W5,W6,W7,W8,W9,W10,Mock Assignment) (Updated on 15.07.2026)

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

$T = 0.05 \text{ GAA} + \max(0.6F + 0.25\max(Qz1, Qz2), 0.4F + 0.25Qz1 + 0.3Qz2)$

(Though the W11/W12 assignment score is not included in GAA, W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

Bonus of 3 marks awarded for the Programming Assignment Submission IF average of ALL assignments ≥ 40 .

3. Machine Learning Practice (Diploma in DS)

Quiz 1: No Quiz 1 Quiz 2: No Quiz 2 End term:
September 13 2026

Above to be attended in person at designated centres.

Eligibility to attend the end term exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$ (Updated on 15.07.2026)
 Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to get the course grade: Attending the end sem exam AND one programming exam with score in programming exam $\geq 40/100$

Eligibility to appear for the OPPE 1:

Student has to complete the OPPE System Compatibility Test (SCT) exam

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#)

OPPE1 will not be scheduled for students who fail to complete the OPPE SCT exam.

Repeat OPPE Criteria

(w.e.f from Jan 2026 term) [updated on Jan 05, 2026]

Students who were OPPE eligible and received an I_OP in the Jan 2026 term, and have registered as Repeat OPPE for the May 2026 term, will continue to be considered eligible for OPPE in May 2026. However, students who were marked OPPE Ineligible with I_OP or I_Both and have registered for the respective course as Repeat OPPE or Repeat OPPE & End Term must regain OPPE eligibility in the May 2026 term by submitting the required assignments and OPPE SCT. If OPPE eligibility is not attained, the OPPE will not be scheduled and a U grade will be awarded for the May 2026 term.

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

KA 1	Jul 10, 2026	Jul 22, 2026	Jul 25, 2026

KA 3	Aug 10, 2026	Aug 18, 2026	Aug 22, 2026

GAA = Average of the best score in first 10 weekly graded assignments + Mock Quiz 1
 (Eg : Average of best 10 of (W1,W2,W3,W4,W5,W6,W7,W8,W9,W10,Mock Assignment) (Updated on 15.07.2026)

OPPE1 - Score in online remote proctored programming exam
 OPPE2 - Score in online remote proctored programming exam
 KA - Average score in 3 Kaggle Assignments
 F = score in final exam

Total course score T = 0.1 GAA + 0.30 F + 0.20 OPPE1 + 0.20 OPPE2 + 0.20 KA

	OPE1/OPE2	ET	T	Grade	Next steps
1.	Absent/Ineligible	Absent/Ineligible	-	U	Repeat the entire course
2.	Absent (OPE1 and OPE2=0)	Present	>=35	I_OP	Complete OPE alone in next term, Both OPPEs will be scheduled. GA, quiz and ET marks will be carried over OR Repeat the entire course
3.			<35	U	Repeat the entire course
4	Present score< 40/100	Present	>=40	I_OP	Redo OPE alone next term. Both OPPE will be scheduled, GA, quiz and ET marks will be carried over OR Repeat the entire course
5			<40	U	Repeat the entire course
6		Absent	-	I_BOTH	Redo End term exam and OPE alone in next term. Both OPPE will be scheduled for you. GA, quiz will be carried over OR Repeat the entire course
7	Present Score > =40/100	Absent	-	I	Complete ET alone in next term, OPPE will NOT be scheduled; GA, quiz and OPPE marks will be carried over OR Repeat the entire course
8		Present			Grade as per the Total score T

4. Business Data management (DS Diploma)

Quiz 1: July 19 2026

Quiz 2: August 16 2026 End term:

September 13 2026

Above to be attended in person at designated centres.

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

Overall score for eligible students:

$$T = 0.05 \text{ GAA} + \max(0.6F + 0.25\max(Qz1, Qz2), 0.4F + 0.25Qz1 + 0.3Qz2)$$

(Though the W11/W12 assignment score is not included in GAA, W11/W12 contents will be included for the final exam. Hence, please practice and submit W11/W12 assignment).

5. Business Analytics (Diploma in DS)

Quiz 1: July 19 2026**Quiz 2: August 16 2026****End term:****September 13 2026****Above to be attended in person at designated centres.**

There will be no regular weekly graded assignments being designed for this course. Instead there are 3 course assignments.

Eligibility to take the final exam:

You should have submitted at least 1 of the 3 assignments AND Attended one of the two quizzes.

Eligibility to get final course grade: Attending the end term exam AND End term exam score $F \geq 10/40$

So you have to score $\geq 10/40$ in the Final exam score AND get Total score $\geq 40/100$. Either one condition is not satisfied and you won't get a pass grade but you will get U grade.

40 marks: In center quiz - 20 marks (Qz)

Quiz 1 for 20 marks and syllabus will be from Week 1-4 (Qz1)

Quiz 2 for 20 marks and syllabus will be from Week 3-8 (Qz2)

$$Qz = 2 \times (0.7 \times \max(Qz1, Qz2) + 0.3 \times \min(Qz1, Qz2))$$

20 Marks: 3 Assignments for a total of 20 marks :

Assignment 1: 10 marks

Assignment 2: 10 marks

Assignment 3: 10 marks

A = Sum of the Best 2 out of (Assignment 1, Assignment 2, Assignment 3)

40 Marks (F): End Term Exam

- Will be set to 45 marks and students can attempt all.
- Marks obtained will be capped at 40.
- The syllabus for the End term exam will be the contents covered in Weeks 1 to 12

$$\text{Final course score } T = Qz + A + F$$

Business Analytics (BA) Assignment Deadlines

Week no.	Release date	Submission date
5	Friday, July 10, 2026	Wednesday, July 22, 2026
6	Friday, July 17, 2026	Sunday, July 26, 2026
9	Friday, August 7, 2026	Wednesday, August 19, 2026

6. Tools in Data Science (Diploma in DS) [Co-requisite for this course is MLP]

No in-centre quizzes for this course.

End term exam: September 13 2026 - to be attended in person at designated centres.

ROE: Sun, YTD**Academic policies**

1. The [Tools in Data Science portal \(https://tds.s-anand.net/\)](https://tds.s-anand.net/) has all the course content: Graded Assignments, Projects and ROE links. The Seek Portal is not used for submissions.

team's discretion.

Before registering for TDS, please attempt the [Entrance Exam](#) at <https://exam.sanand.workers.dev/tds-2026-05-ga0>. It checks course pre-requisites. Please drop this course (do it in a later term) if you score low. It'll be too tough for you now.

End term eligibility: Average Score in the best 4 of the first 5 GAs to attend the end-term should be ≥ 40

Eligibility to get the course grade: Attending end-term exam

	Assessment	Open date	Submission date
ROE	Remote Online Exam (45 mins, open internet, Objective assessments)		
P1	Take home project 1 (open internet)		
P2	Take home project 2 (open internet)		

GAA = Average of the score in best 7 of 9 weekly assignments on the portal (open internet, MCQs)

F = Final end term exam (no internet, in-person, mandatory).

Final course score $T = 0.2 \text{ GAA} + 0.2 \text{ ROE} + 0.2 \text{ P1} + 0.2 \text{ P2} + 0.2 \text{ F}$

7. Programming Data structures and algorithms using Python (PDSA) - Diploma in Programming

Weekly assignments: Mix of autograded assignment and Programming assignments

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

1 programming exam of 120 minutes duration - Online remote proctored - (30th Aug or Sep 6th will be allocated prior) (If you are absent for the OPPE, then Repeat OPPE will NOT be provided in the next term as this does not impact passing the course, only total course score)

A2: Average of GrPA scores in week 2

A3: Average of GrPA scores in week 3

A4: Average of GrPA scores in week 4

A5: Average of GrPA scores in week 5

A6: Average of GrPA scores in week 6

A7: Average of GrPA scores in week 7

A8: Average of GrPA scores in week 8

Eligible to write OPPE:

Student has to complete the OPPE System Compatibility Test (SCT) mandatorily

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#) AND

$A2 \geq 40/100$ AND $A3 \geq 40/100$ AND $A4 \geq 40/100$ AND $A5 \geq 40/100$ AND $A6 \geq 40/100$ AND $A7 \geq 40/100$ AND $A8 \geq 40/100$

Eligibility for attending end sem exams: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)

Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to get the final course grade: Attendance in the End sem exam

The calculation of Final course Score is proposed as follows:

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

Qz2 = score in Quiz II (0, if not attempted)
 OP = Score in Online proctored remote exam
 F = score in final exam

$$T = 0.05GAA + 0.2OP + 0.45F + \max(0.2\max(Qz1, Qz2), (0.10Qz1+0.20Qz2))$$

8. Database management system (DBMS) - Diploma in Programming

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

Eligibility to write end term exam: Average of the best 5 out of the first 7 weekly assessments scores $\geq 40/100$ AND attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade:

Attending the End sem exam **AND** scoring a minimum of 35% in the OPE (overall) **AND** Getting the question based on Python-DB connectivity correct is mandatory to get the course grade.

(The OPPE will be based on SQL query(Week 2-3) and Python-Database connectivity(Week 7).)

If you don't get the 35% in OPPE OR don't pass the Python-DB connectivity question, you will be given a fail in the OPPE.)

OPPE:

Student has to complete the OPPE System Compatibility Test (SCT) exam

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#)

There is only one OPPE conducted for the course. But there are 2 chances to attempt it.

- **Students have to mandatorily attend the OPPE on the first date.** If you fail in this, you get a chance to reappear the next weekend. So you get 2 chances to attempt the exam.
- If you are absent on the first date, you do not get the reattempt chance.
- If the first date is inconvenient due to a clash with some other engagement, then you can apply for a postponement to the second date providing sufficient proof. If this is accepted, your exam will be moved to the second date but if you fail in this or are absent, you will not get another chance to reattempt. You will have to do it in the subsequent term.

The calculation of Final course Score is proposed as follows:

GAA2= Average score of week 2 and 3 SQL based assignments

GAA3= Average score of week 7 programming assignment

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

OPPE - Score in online remote proctored programming exam

F = score in final exam

$$T = 0.03GAA2 + 0.02GAA3 + 0.2 OPPE + 0.45F + \max(0.2\max(Qz1, Qz2), (0.10Qz1+0.20Qz2))$$

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

Week 7	Programming assignment	NA	GAA3
Quiz 1 : Weeks 1-4 July 19 2026	Objective	In person at TCS centres	Qz1
Quiz 2 Weeks 1-8 August 16 2026	Objective	In person at TCS centres	Qz2
Online remote proctored exam (OPE) 29th & 30th Aug 2026 - first attempt 6th Sep 2026 - Reattempt for those who failed on	Testing will be on SQL queries and python-database connections - Students will be given the option to choose the date and slot. Based on logistics the slots will be allocated.	Online remote proctored	OPE
End Sem September 13 2026	100% Objective	In-person at TCS centres	F

	OPE	ET	T	Grade	
1.	Absent/In eligible	Absent/In eligible	-	U	Repeat the course.
2.	Absent	Present	>=35	I_OP	Complete OPE alone in next term (only one oppe in this course) GA, quiz and ET marks will be carried over OR Repeat the entire course

8		Present		Actual grade	Grade as per the Total score T

9. Application development - 1 (Diploma in programming)

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

Eligibility to write end term exam: Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) >= 40/100, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)

Assessment Type	Method	Proctoring	Contribution to final score
Lab assignments, Weeks 2 - 7	100% Lab assignments auto evaluated via framework (weekly assignments)	None	GLA : 70% of Best 2 out of first 5 [2, 3, 4, 5, 6], 30% of week7
Objective Assignments, Weeks 1 - 12	100% objective	None	None
Quiz 1: Sunday, July 19th, 2026 & Quiz 2: Sunday, August 16th, 2026	Objective	In person at TCS centers	Qz1, Qz2
End Sem, Sunday, Sep 13th, 2026	Objective	In person at TCS centers	F

Final course score T = 0.05 GLA + max (0.6F + 0.25max(Qz1, Qz2), 0.4F + 0.25Qz1 + 0.3Qz2)

10. Programming concepts using Java (Diploma in programming)

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

A2: Average of GrPA scores in week 2
A3: Average of GrPA scores in week 3
A4: Average of GrPA scores in week 4
A5: Average of GrPA scores in week 5
A6: Average of GrPA scores in week 6
A7: Average of GrPA scores in week 7
A8: Average of GrPA scores in week 8

Eligibility to appear for the OPPE 1:

Student has to complete the OPPE System Compatibility Test (SCT) exam

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#)

AND

A2>=40/100 AND A3>=40/100 AND A4>=40/100

OPPE1 will **not be scheduled for students** who fail to complete the OPPE SCT exam and not fulfill the criteria.

Eligibility to appear for the OPPE 2:

Student has to complete the OPPE System Compatibility Test (SCT) exam

SoP for the SCT Exam is as follows: [Click Here for OPPE SCT SoP Document](#)

AND

A5>=40/100 AND A6>=40/100 AND A7>=40/100 AND A8>=40/100

AND

Average of the best 5 out of the first 7 weekly assessments (objective and programming) scores >= 40/100 (becoming eligible to give the end term exam)

Repeat OPPE Criteria

(w.e.f from Jan 2026 term) [updated on Jan 05, 2026]

Students who were OPPE eligible and received an I_OP in the Jan 2026 term, and have registered as Repeat OPPE for the May 2026 term, will continue to be considered eligible for OPPE in May 2026. However, students who were marked OPPE Ineligible with I_OP or I_Both and have registered for the respective course as Repeat OPPE or Repeat OPPE & End Term must regain OPPE eligibility in the May 2026 term by submitting the required assignments and OPPE SCT. If OPPE eligibility is not attained, the OPPE will not be scheduled and a U grade will be awarded for the May 2026 term.

Eligibility to attend the end term exam: Average of the best 5 out of the first 7 weekly assessments (objective and programming) scores >=

September 13 2026

Above to be attended in person at designated centres.

OPPE: August 29th 2026**ReOPPE: 5th September**

Biweekly Programming Test (BPT) Release Dates week 3, week 5, week 7, week 10

The deadline for the BPT assignment will be set one week after its release.

BPT Release dates:

BPT 1 - June 26, 2026

BPT 2 - July 10, 2026

BPT 3 - July 24, 2026

BPT 4 - August 14, 2026

Will be conducted in the course VM - Each BPT has 4 Questions

Repeat OPPE Criteria

(w.e.f from Jan 2026 term) [updated on Jan 05, 2026]

Students who were OPPE eligible and received an I_OP in the Jan 2026 term, and have registered as Repeat OPPE for the May 2026 term, will continue to be considered eligible for OPPE in May 2026. However, students who were marked OPPE Ineligible with I_OP or I_Both and have registered for the respective course as Repeat OPPE or Repeat OPPE & End Term must regain OPPE eligibility in the May 2026 term by submitting the required assignments and OPPE SCT. If OPPE eligibility is not attained, the OPPE will not be scheduled and a U grade will be awarded for the May 2026 term.

Eligibility for OPPE: The average of the first three BPT $\geq 40/100$ **SCT for OPPE and exam day rules:**[https://docs.google.com/document/d/e/2PACX-](https://docs.google.com/document/d/e/2PACX-1vS4Hhh4MsKD2WL8_D26Vw2WJKw0CBtPihZyKrmEM_kefRXm_O75GqTcJA6IR0X_xCIVL5gUi5y6_bjw/pub)[1vS4Hhh4MsKD2WL8_D26Vw2WJKw0CBtPihZyKrmEM_kefRXm_O75GqTcJA6IR0X_xCIVL5gUi5y6_bjw/pub](https://docs.google.com/document/d/e/2PACX-1vS4Hhh4MsKD2WL8_D26Vw2WJKw0CBtPihZyKrmEM_kefRXm_O75GqTcJA6IR0X_xCIVL5gUi5y6_bjw/pub)**Eligibility to attend the end term exam:**

Average of the Best 5 out of 8 scores (First 7 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND OPPE should be eligible (Updated on 15.07.2026)

Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,W7,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to get the course grade:

Attending the end semester exam AND programming exam (OPPE) score $\geq 40/100$

There will be ONE OPPE based on weeks 1-9.

Students have to mandatorily attend the OPPE on the first date.

- If you fail in this, you get a chance to reappear the next weekend. So you get 2 chances to attempt the exam.
 - If the first date is inconvenient due to a clash with some other engagement, then you can apply for a postponement to the second date providing sufficient proof. If this is accepted, your exam will be moved to the second date but if you fail/absent in this, you will not get another chance to reattempt. You will have to do it in the subsequent term.
 - If you are absent on 29th August, you DON'T get another chance on 5th Sep..
- Re OPPE Eligibility:**
- Students must score a minimum of 20 marks in the SC OPPE to be eligible for the ReOPPE.
 - Students must remain present in the proctoring G Meet for a minimum of 1 hour 30 minutes.

NPPE [Syllabus Weeks 1-9]: (This will give you practice to handle the OPPE, but not part of final course grade)

GAA = Average of score in Best 9 out of the 10 weekly graded assignments +Mock Quiz1

(Eg : Average of best 10 of

(W1,W2,W3,W4,W5,W6,W7,W8,W9,W10,Mock Assignment) (Updated

BPTA

	OPE	ET	T	Grade	
1.	Absent/In Eligible	Absent/In Eligible	-	U	Repeat entire course
2.	Absent (OPE=0)	Present	>=35	I_OP	Complete the BPT and OPE in next term; BPTs will be eligibility to write OPPE GA, quiz and ET marks will be carried over OR Repeat the entire course
3.			<35	U	Repeat the entire course
4	Present score< 40/100	Present	>=40	I_OP	Complete the BPT and OPE in next term; BPTs will be eligibility to write OPPE GA, quiz and ET marks will be carried over OR Repeat the entire course
5			<40	U	Repeat the entire course
6		Absent	-	I_Both	Redo End term exam and OPE in next term; For doing the OPE, BPTs have to be done and students have to become eligible GA, quiz will be carried over OR Repeat the entire course
7	Present Score > = 40/100	Absent	-	I	Complete ET alone in next term; OPPE will NOT be given in this case. GA, quiz and OPPE marks will be carried over OR Repeat the entire course
8		Present			Grade as per the Total score T

12. Application Development - 2 (Diploma in programming)

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

Eligibility to write end term exam: Average of the best 5 out of the first 7 weekly assessments scores >= 40/100 and attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade: Attending the End sem exam

Assessment Type	Method	Proctoring	Percentage contribution
Weekly assessments Weeks 1 - 11	100% objective	None	None

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

End Sem - September 13 2026 , F	100% Objective	In person at TCS centers	F
--	-------------------	-----------------------------	---

GAA - Average of weeks 1 and 2 programming assignments

Final course score T = 0.05 GAA + max (0.6F + 0.25max(Qz1, Qz2), 0.4F + 0.25Qz1 + 0.3Qz2)

13.Introduction to Deep Learning and Generative AI

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres

Eligibility to write End term exam: Average of the Best 5 out of 6 scores (First 5 weeks assignment scores + Mock Quiz1) $\geq 40/100$, AND attendance in one of the 2 quizzes (Updated on 15.07.2026)
Eg : Average of best 5 of (W1,W2,W3,W4,W5,W6,,Mock Assignment) $\geq 40/100$

Note: Mock Quiz 1 scores will be reflected in your dashboard as "Mock Assignment"

Eligibility to get the final course grade: Attending the end sem exam

The calculation of Final course score is proposed as follows:

GAA = Average of the best score in first 9 weekly graded assignments + Mock Quiz 1

(Eg : Average of best 9 of (W1,W2,W3,W4,W5,W6,W7,W8,W9,Mock Assignment) (Updated on 15.07.2026)

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

NPPE=Non-proctored programming assignment

Overall score for eligible students:

Final course score T = 0.1 GAA + 0.2 Qz1 + 0.2 Qz2 + 0.25 F + 0.1 NPPE1 + 0.15 NPPE2

Project Courses:

Project courses are now for 2 credits each - BDM, MLP, App Dev 1, App Dev 2, DI-GenAi project.

The Project courses are not part of CCC. The CCC is only for theory courses.

App Dev1 Theory is a co-requisite for App Dev 1 project.

App Dev1 project is a corequisite for App Dev2 Theory.

App Dev2 Theory is a corequisite for App Dev2 Project.

MLP course is a co-requisite for MLP project.

BDM course is a co-requisite for BDM project.

DL-GenAI Theory is a co-requisite for DL-GenAI Project

FOR MLP: There will be fortnightly assessments configured in the MLP project course alone that you have to submit. We will be using this information to cross check your engagement in the course.

Submission deadline :

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

May 2026	21 July 2026	23 August 2026	Evaluated out of 100 marks. Applicable for up to 5 bonus marks based on Viva batch
----------	--------------	----------------	---

FOR, MAD1, MAD2 PROJECTS:

Theory completed term (Received a pass grade)	Submission date	Evaluation
Jan 2026 or previous term	July 14, 2026	100
May 2026	August 9, 2026	105 marks and cap it to 100

BDM project will be evaluated only out of 100 marks for all students, irrespective of the term submitted in.

Each project has its own modalities and processes to be followed. Please check your course announcements for the project timelines and make the submissions accordingly.

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

			Grade
If the project is not completed in the registered term - the fee is retained for the subsequent term, grade will be marked as I.	2500	Yes	I or U
If the project is not completed in the second term also, then the registration becomes invalid and the student has to pay the full fees again, you will get a U grade.			
If the student fails in the project, Students have to redo the project by registering to the project by paying the full fees	2500	Yes	U
If the student fails in the project or the submission is found to be Plagiarized, a. Student will be subjected to disciplinary action b. Student has to redo the project by registering to the project by paying the full fees.	2500	Yes	U

Timelines (Appdev1, Appdev2 & MLP, BDM projects):

Here are the timelines for students doing projects in the May 2026 terms who will be entering Degree level in the Sep 2026 term. **Without completing the 12 courses and 4 projects, you cannot start degree level courses from Sep 2026 onwards.**
For entering the Degree level in Sep 2026, you have to complete ALL projects and vivas by Aug 2026.

BDM project final submission has to be done and approved by June/July/Aug 2026 so that viva can be over in June/July/Aug 2026. Project grade for all the courses will be pushed on/before Sep 15th.

Students are requested to complete the projects at least two terms before their diploma completion term i.e DO NOT REGISTER OR HAVE PROJECTS ALONE LEFT IN YOUR LAST TERM OF DIPLOMA.

Very important:

1. [Viva policy for MLP, DL&GEN AI](#), [Viva Policy for Appdev](#)

Students who completed App dev1, App dev2, MLP and BDM in Sep 2021/Jan 2022 terms:

If you complete the 6 courses and 2 projects of any of the two Diplomas, you will get the Diploma certificates. But your credits will not be 27 for this Diploma but 23 or 25 depending on how many of these courses were completed in these 2 terms. The projects done as part of the courses of Sep 2021/Jan 2022 will not get the 2 credits. So there is no issue with the Diploma level.

When you come to the BSc level, 114 credits are required to obtain the BSc certificate. Hence this deficit of 2/4/6/8 credits will have to be made up by taking more elective courses offered by the IITM BS program.

Degree Level courses

Level of the course:

The first digit of the 4 digits given in the course code represents the level of the course.

Eg: CT is CS1001 is a 1 level course.

Deep Learning CS3004 is a 3 level course.

Industry 4.0 MS4001 is a 4 level course.

**BS level:**

It is implemented wef Sep 2023 for the batch that enters the degree level in Sep 2023.

2 courses in the level 4 or higher should be mandatorily completed in each of the BP and BD categories. Please refer course category in [table1](#).

Out of the remaining 12 credits, it is MANDATORY to earn 4 credits in the HS/MG category. HS/MG can come from inhouse electives or from [NPTEL-Table 3](#).

Remaining credits are from any of the other in-house/campus electives or Apprenticeship electives.

Apprenticeship:

Apprenticeship is **completely optional**. Students can also complete the BS level by just doing only course work.

SWAYAM NPTEL Approved Dep/Free Elective course list:

https://docs.google.com/spreadsheets/d/e/2PACX-1vSJXV0JECyoQvgWvBIVxQ13G0KRm5a1qNCRBa7rAw8GDY4e0cfm1KiVCwIgs_ed80ObtzQ1rfx_JWIR/pubhtml?gid=399341609&single=true

SWAYAM NPTEL Approved HS/MG course list:

https://docs.google.com/spreadsheets/d/e/2PACX-1vSJXV0JECyoQvgWvBIVxQ13G0KRm5a1qNCRBa7rAw8GDY4e0cfm1KiVCwIgs_ed80ObtzQ1rfx_JWIR/pubhtml?gid=1418834182&single=true

We are also collaborating with the Microsoft and AWS certification program team to offer their courses for our students at discounted rates. Would be good to complete some cloud certifications from this too when we offer it. There are no credits for this. It is important you learn more on programming and data science outside of what the curriculum offers and strengthen your resume.

Academic policies

1. In each programming assignment, be it any course or any OPPE, taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.
2. Unless explicitly permitted, **do not use** LLMs. Using LLMs is considered a violation of honour code.
3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.
4. Please do not share your assignments with others before the deadlines. If similarities are found between submissions, all will be penalised irrespective of who did it first and who shared it with whom.

1. Software Testing

Quiz 1: July 19 2026

Quiz 2: August 16 2026

End term:

September 13 2026

Above to be attended in person at designated centres.

Eligibility to write end term exam: Average of best 5 out of first 7 weekly assessments scores $\geq 40/100$ and attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score in First 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F - score in End Term exam

$T = 0.1GAA + 0.4F + 0.25Qz1 + 0.25Qz2$

Milestone 4(Sprint 2)	June 12	August 12		
Milestone 5	June 12	August 23		

3. Deep Learning

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.**Bonus Marks:**

The average score of all (3) programming activity assignments will be used as Bonus marks.

Maximum bonus marks will be 5. - weeks 4, 9,11

Eligibility to write end term exam: Average of best 5 out of first 7

weekly assessments scores $\geq$ 40/100 and attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score in First 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F - score in End Term exam

$T = 0.05GAA + 0.25Qz1 + 0.25Qz2 + 0.45F$

4. AI: Search Methods for Problem Solving

Academic policies

1. In each programming assignment, be it any course or any OPPE, taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.
2. Unless explicitly permitted, do not use LLMs. Using LLMs is considered a violation of honour code.
3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.

Above to be attended in person at designated centres.

Eligibility to write end term exam: Average of best 5 out of first 7 weekly assessments scores $\geq 40/100$ and attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score in First 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in End Term exam

$T = 0.1GAA + 0.4F + 0.25Qz1 + 0.25Qz2 + \text{bonus (as given below, if you pass the course)}$

Bonus marks for those who pass the course: 5 (based on programming assignment)

Programming Assignment 1 will be released between Quiz 1 and Quiz 2.

The dates will be announced in the forum. This assignment will be evaluated offline.

5. Strategies for Professional Growth

Academic policies

1. In each programming assignment, be it any course or any OPPE, taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.

2. Unless explicitly permitted, do not use LLMs. Using LLMs is considered a violation of honour code.

3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.

4. Please do not share your assignments with others before the deadlines. If similarities are found between submissions, all will be penalised irrespective of who did it first and who shared it with whom.

Quiz 1: NO Quiz Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of best 5 of the first 7 weeks' graded assignments $\geq 40/100$

Eligibility to obtain the final course grade: Attending the end-term exam

The calculation of the final course score for eligible students is as follows:

GAA = Average score in First 10 weekly graded assignments

GP = Score in Group Project (0, if not participated)

Qz2 = Score in Quiz II (Subjective & Objective). Score is 0 if not attempted.

F = Score in final exam, based on weeks 1-12 (Subjective & Objective)

T = Total score (out of 100)

$T = 0.15 \times GAA + 0.25 \times GP + 0.25 \times Qz2 + 0.35 \times F$

Project:

Milestone	Timeline	Submission Date	Marks	Evaluation and Score Release
I	Week 1 to Week 3	End of Week 3	50 marks	Before End term
II	Week 4 to Week 6	End of Week 6	50 marks	

More details about the Group Project will be given in the course.

Bonus marks for additional activities may be awarded at the discretion of faculty or instructor, provided the student passes the course.

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

Above to be attended in person at designated centres

For OPPE1, OPPE2 exam dates

OPPE 1 - Sunday, August 2, 2026 (Saturday, August 1, 2026 - **only for subject clashing student**)

OPPE 2 - Saturday, August 29, 2026 (DS Students) & Sunday, August 30, 2026 (ES Students)

Eligibility to write the final exam: Average of the best 5 out of the first 7 weeks of weekly assignments (objective and programming) scores $\geq 40/100$

Eligibility to obtain the final course grade: Both the conditions below should be satisfied.

- Attending the end term exam AND
- Score in one of the two programming exams (OPPE1, OPPE2) should be $\geq 40/100$ - Minimum score to be obtained in one of the programming quizzes

Repeat OPPE Criteria

(w.e.f from Jan 2026 term) [updated on Jan 05, 2026]

Students who were OPPE eligible and received an I_OP in the Jan 2026 term, and have registered as Repeat OPPE for the May 2026 term, will continue to be considered eligible for OPPE in May 2026. However, students who were marked OPPE Ineligible with I_OP or I_Both and have registered for the respective course as Repeat OPPE or Repeat OPPE & End Term must regain OPPE eligibility in the May 2026 term by submitting the required assignments and OPPE SCT. If OPPE eligibility is not attained, the OPPE will not be scheduled and a U grade will be awarded for the May 2026 term.

Final course score calculation:

- GAA = Average score in First 10 weekly graded assignments (GA+GrPAs)
- Qz1 = score in Quiz 1 (0, if not attempted) - in centre
- OPPE1 = score in OPPE 1 (0, if not attempted) - programming exam 1
- OPPE2 = score in OPPE 2 (0, if not attempted) - programming exam 2
- F = score in final End Term exam

$$T = 0.10GAA (GA+GrPAs) + 0.20Qz1 + 0.20 OPPE1 + 0.20 OPPE2 + 0.30F$$

7. Deep Learning for CV**Quiz 1: July 19 2026****Quiz 2: August 16 2026****End term:****September 13 2026****Above to be attended in person at designated centres.**

Eligibility to write end term exam: Average of the best 5 out of the first 7 weeks of weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score in First 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

Bonus = Optional project: Max 5 bonus marks will be awarded for successful completion of project. The project will be graded based on literature review, benchmarking, novelty, and results.

$$T = 0.1GAA + 0.4F + 0.25Qz1 + 0.25Qz2 + \text{Bonus}$$

Academic policies

1. In each programming assignment, be it any course or any OPPE, taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.
2. Unless explicitly permitted, do not use LLMs. Using LLMs is considered a violation of honour code.
3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.
4. Please do not share your assignments with others before the deadlines. If similarities are found between submissions, all will be penalised irrespective of who did it first and who shared it with whom.

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term:
September 13 2026

Above to be attended in person at designated centres.

Eligibility to write end term exam: Average of best 5 out of first 7 weekly assessments scores $\geq 40/100$ and attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score of all 7 assignments till week 9

Bonus - Total 5 marks - Average score of programming assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F - score in End Term exam

$T = 0.05GAA + 0.35F + 0.3Qz1 + 0.3Qz2 + \text{Bonus (5 marks, if passed)}$

9. Deep Learning Practice

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term:
September 13 2026

Above to be attended in person at designated centres.

Quiz1 - based on content taught by Prof Mitesh (Based on weeks 1-4)
 Non-proctored programming assignment 1 - NPPE1 (Configured in the portal in week 4)

Quiz2 - based on content taught by Prof Umesh (Based on weeks 5-8)
 Non-proctored programming assignment 2 - NPPE2 (Configured in the portal in week 8)

Quiz3 - based on content taught by Prof Kaushik (Based on weeks 9-12)
 Non-proctored programming assignment 3 - NPPE3 (Configured in the portal in week 12)

Following are the tentative dates:

Exam	Syllabus	NPPE Dates	Timing
NPPE1 Opens	W1-W4	10 July	5:00 PM
NPPE1 Closes		13 July	11:55 PM
NPPE2 Opens	W5-W8	7 Aug	5:00 PM
NPPE2 Closes		10 Aug	11:55 PM
NPPE3 Opens	W9-W12	4 Sept	5:00 PM
NPPE3 Closes		7 Sept	11:55 PM

GAA - Average score in best 10 weekly graded assignments out of 11 assignments.

**Quiz 1: No Quiz
No EndTerm****Quiz 2: August 16 2026****End term:****1. Graded Assignments:**

- Each week will contain a graded assignment based on the topics covered in that week

2. Quiz: The quiz will be conducted at the time of quiz 2, covering the first 8 weeks' content.

3. Group Project:

- Students will work on projects in groups. Each group is required to submit its project problem statement by **Week 2**. The problem statement has to involve either Deep Learning or Generative AI and has to be approved by the course team.
- The project will be broken down into **milestones** that will be evaluated through weekly meetings.
- A final project **presentation** will be held during **weeks 10 & 11** for a comprehensive evaluation of the project.

4. Viva:

- A **Viva** will be conducted individually after week 10 for each student by an industry professional.
- The viva will test understanding of the material covered in weeks 1-12 of the course.

Assessment Type	Mode of Evaluation	Requirements
Graded Assignments (GAA)	Objective	
Quiz 2	TCS platform	Weeks 1-8
Project Presentation (P)	Group presentation (G-meet) + Milestones	Completion of all the milestones
Viva (V)	One-to-One (G-meet)	Average of the best 7 out of the first 8 weekly assignment scores $\geq 40/100$

Eligibility to obtain the final course grade: Attending the Project Presentation AND Viva marks $\geq 55\%$

GAA = Average score in first 10 weekly graded assignments

P = Combination of score in project presentation and milestones

V = Score obtained in viva

Quiz = Quiz 2

Bonus: 5 bonus assignments (Could be Kaggle/Video submission)

Final Course score T = $0.05 \text{ GAA} + 0.25 \text{ Quiz} + 0.4 \text{ P} + 0.3 \text{ V} + \text{Bonus (5 marks)}$

11.Application Development Lab

Quiz 1: No Quiz Quiz 2: August 16 2026 End term: No End term
Above to be attended in person at designated centres

Eligibility to appear for Project Viva:

To be eligible for the final project viva, learners must satisfy the following conditions by the end of **Week 8**:

- The average assignment score of first 8 weeks (week 1 - 8) assignments must be ≥ 40**
- Attempt both Lab Assignments** in Weeks 4 and 5.

Assessment Type	Method	Proctoring	Criteria
Lab Assignment + Graded Assignment + Programming Assignment	Auto evaluated via framework (weekly assignments)	None	- Attempt both Lab Assignments in Weeks 4 and 5. - In case of more than one assignment for a week, the average of all will be taken to calculate the score for that week
Quiz 2	Online computer Based	TCS platform	Week 1 to 8
Project + Viva	One-to-One G-meet		

Final course score T = 20% from Quiz 2 + 30% from weekly assignments (average score of first 10 weeks will be considered) + 50% from Project Viva

12. Algorithmic Thinking in Bioinformatics

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres

Eligibility to write end term exam: Average of the best 5 out of the first 7 weeks of weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score in First 10 weekly graded assignments

GRPA = Average of 3 Programming Assignments

Qz1 = score in Quiz I (0, if not attempted), Syllabus: Week 1-4

Qz2 = score in Quiz II (0, if not attempted), Syllabus: Week 5-8

F = score in final exam, Syllabus: Week 1-12

$T = 0.075 GAA + 0.025 GRPA + 0.25Qz1 + 0.25Qz2 + 0.4F$

13. Market Research

Quiz 1: July 19 2026 Quiz 2: August 16 2026 End term: September 13 2026

Above to be attended in person at designated centres.

Eligibility to attend final exam: Average of the best 5 out of the first 7 weekly assignment scores $\geq 40/100$ AND attending at least one of the 2 quizzes in the centre

Eligibility to get the final course grade: Attending the end sem exam

The calculation of Final course Score is proposed as follows:

GAA = Average score in First 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

P = score in Open-ended project (0, if not submitted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

Overall score for eligible students:

$T = 0.1GAA + 0.2 Qz1 + 0.2Qz2 + 0.25P + 0.25F$

14. Managerial Economics

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres

Eligibility to write end term exam: Average of the best 5 out of the first 7 weeks of weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = Average score in Best 8 out of first 9 weekly assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

$T = 0.1GAA + 0.4F + 0.25Qz1 + 0.25Qz2$

15. MLOps (Machine Learning Operations)

Quiz 1: NA **Quiz 2: NA** **End term: September 13 2026**

Above to be attended in person at designated centres

Eligibility to write the final exam: Average of the best 5 out of the first 7 weekly assignment scores $\geq 40/100$

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

GAA = Average score in best 9 out of 11 weekly graded assignments

F = score in final exam

OPPE1 = score in Online Proctored Programming Exam 1 (0, if not attempted) (**OPPE 1- August 2nd**)

OPPE2 = score in Online Proctored Programming Exam 2 (0, if not attempted) (**OPPE 2- September 6th**)

Bonus: 5 marks for Active Course Participation (Refer FAQ Document)

$T = 0.2GAA + 0.3F + 0.25 OPPE1 + 0.25 OPPE2 + \text{Bonus (capped to 100)}$

Note:

This course requires students to have access to a credit card/debit card/UPI in order to obtain the \$300 (~₹25,000) credits as part of GCP free trial

Expected GCP Credit Usage is around ₹12,000.

assuming resources are used optimally as instructed by the course Team (free credits provided by GCP should be sufficient for most students.)

Please refer to FAQ Document for queries on GCP Trial and course content: [here](#)

16. Mathematical Foundations of Generative AI

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres.

The calculation of Final course Score T for eligible students is as follows:

GAA = Average score in best 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

NPPE = Non-proctored programming assignment

$$T = 0.05 \cdot GAA + 0.35 \cdot F + 0.2 \cdot Qz1 + 0.2 \cdot Qz2 + 0.2 \cdot NPPE$$

17. Data Visualization Design

Quiz 1: July 19 2026

Quiz 2: August 16 2026

End term: No

End term

Above to be attended in person at designated centres.

End term exam: Not in centre, project based with presentation and viva

Eligibility to attend final exam: Average of the best 3 out of the 5 graded assignment scores $\geq 40/100$, and attending at least one of the 2 quizzes in the centre.

Eligibility to get the final course grade: Completing & presenting the Group Project (P) with scoring more than 50/100 in it

GA: Sum of best 3 out of 5 Graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

P: Group project and presentation

Bonus: Maximum of bonus 5 Marks & 2.5 marks for each.

$$T = 0.3GA + \text{Max}(0.2Qz1 + 0.2Qz2, 0.3\text{Max}(Qz1, Qz2)) + 0.3P + \text{Bonus}$$

18. Design Thinking for Data-Driven App Development

Academic policies

1. In each programming assignment, be it any course or any OPPE, taking help from LLMs (e.g. ChatGPT, Gemini) partially or completely is considered plagiarism.
2. Unless explicitly permitted, do not use LLMs. Using LLMs is considered a violation of honour code.
3. Students can discuss and learn from each other but the assignments are expected to be done individually based on their understanding.

Quiz 1 : No

Quiz 2: August 16 2026

End term:

September 13 2026

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the best 5 out of 7 weekly assignment scores $\geq 40/100$

Eligibility to obtain the final course grade: Attending the term-end exam AND submitting the final project, with getting more than 60/100 in the project

The calculation of final course score for eligible students is as follows:

GAA = Average score in First 10 weekly graded assignments (Subjective & Objective)

Qz2 = score in Quiz II (0, if not attempted)

GP1, GP2, GP3 = scores in the group project;

F = score in final exam, based on weeks 1-12 (Subjective & Objective)

$$T = 0.1 \cdot GAA + 0.1 \cdot GP1 + 0.1 \cdot GP2 + 0.2 \cdot GP3 + 0.2 \cdot Qz2 + 0.3 \cdot F$$

BS-DS_ May 2026 Grading document (Student)

Updated automatically every 5 minutes

	3			Week 6
II	Week 4 to Week 6	End of Week 6	25 marks	
III	Week 7 to Week 9	End of Week 9	50 marks	Before End Term Exam
Presentation	Week 10 to 12			

More details about the Group Project will be given in the course.

Bonus marks for additional activities may be awarded at the discretion of faculty or instructor, provided the student passes the course.

19. Privacy & Security in Online Social Media

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres

Eligibility to write end term exam: Average of best 5 out of first 9 weekly assessments scores $\geq 40/100$ and attending at least one of the 2 quizzes in the centre

Eligibility to get final course grade: Attending the End sem exam

Overall score for eligible students:

GAA = score in Best 10 out of all weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

Qz2 = score in Quiz II (0, if not attempted)

F = score in End Term exam

$$T = 0.2 \text{ GAA} + 0.3F + 0.25Qz1 + 0.25Qz2$$

20. Computer Systems Design

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres.

Eligibility to write the final exam: Average of the best 5 out of the first 7 weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

GAA = Average score in 10 weekly graded assignments

Qz1 = score in Quiz I (0, if not attempted)

F = score in final exam

$$T = 0.1GAA + 0.4F + 0.2Qz1 + 0.25Qz2 + 0.05 \text{ circuit verse assignment}$$

21. Game Theory and Strategy

Quiz 1: July 19 2026 **Quiz 2: August 16 2026** **End term: September 13 2026**

Above to be attended in person at designated centres

Eligibility to write the final exam: Average of the best 5 out of the first 7 weekly assignment scores $\geq 40/100$ AND attendance in one of the 2 quizzes

F = score in final exam

$$T = 0.1GAA + 0.4F + 0.25Qz1 + 0.25Qz2$$

22. Algorithms for Data Science (ADS)

Quiz 1: NA

Quiz 2: August 16 2026

End term:

September 13 2026

Above to be attended in person at designated centres.

Theory Assignments

- Once in two weeks: W2, W4, W6, W8, W10
- The questions will be objective: MCQ-MSQ-NAT

Programming Assignments

- Two programming assignments.
- PA-1: weeks 1 to 6
- PA-2: weeks 7 to 12
- PA-1 will have a higher weight than PA-2.

Exams

- Objective: MCQ-MSQ-NAT
- No quiz-1, only quiz-2 and end-term

Bonus

- We might ask a very hard question in the quiz or end-term or both. These will show up as zero mark questions in the actual exam. Students who correctly answer this will be awarded bonus marks.
- All bonus mark questions together count towards at most 4 marks in the T-score.
- The exact number of bonus mark questions and its contribution to the T-score will be left to the discretion of the instructors.

Eligibility to write the final exam: Average of the best 2 out of the first 3 assignment scores (W2, W4, W6) $\geq 40/100$

Eligibility to obtain the final course grade: Attending the end term exam

The calculation of Final course Score T for eligible students is as follows:

GAA = Average score in first five graded assignments (W2, W4, W6, W8, W10)

PAA = Average score in the two programming assignments (PA1 and PA2)

Qz2 = score in Quiz II (0, if not attempted)

F = score in final exam

BONUS = at most 4 marks based on bonus questions in quizzes

$$\text{Total course score } T = 0.1GAA + 0.1PAA + 0.45F + 0.35Qz2 + \text{BONUS}$$
